INVITATION OF EXPRESSION OF INTEREST

Introduction

M/s Travancore Titanium Products Limited (TTPL), owned by the Government of Kerala, is the largest producer of Anatase grade TiO₂ pigment in India through sulphate route process was established in 1946. M/s.Travancore Titanium Products Limited had set up ETP with water recycling facilities to meet the norms stipulated by statutory authorities.

There are various stacks installed in TTPL with Kerala State Pollution Control Board's consent. The company has now decided to reduce the height of the stacks below 26m AMSL.

TTPL is inviting Expression of Interest from reputed firms having the experience of minimum seven years ending 28-02-2018 in the related areas of work for preparing detailed project report consisting suitable compliance solutions using innovative approaches and advanced technology for the stack emission control as per PCB . Interested firms may submit their EoI before 24th March 2018. The proposed scope of work is as below.

SCOPE OF WORK

Preparation of Detailed Project Report consisting of

1. The estimation of height of all the existing stacks as above AMSL and assessing the impact of reduction in height of the existing stacks below 26m AMSL in terms of stipulations by the PCB on air quality standards.
2. The compliance solutions using innovative approaches and advanced technology for the emission control as per PCB of all the existing stacks on account of keeping the height below 26m AMSL.
3. Preparation of cost estimate for the recommended solutions.
